

BE-com-ing Authentically *Me*

**Light the spark of inspiration back into the heart
of your luminous Soul BEing.**

We are living in unpredictable and unprecedented yet beautifully changing times. With the hardships in the world at large, not to mention in your personal life, you may find it difficult to find your calling, connect to a higher purpose, feel empowered, or dedicate time to the important work of healing your body, mind, and soul. And how do you tap into your higher consciousness to be able to truly nurture yourself? You may feel a pull to live more authentically but wonder how and where to begin or what that even means.

In BE-com-ing Authentically Me, Birgitta delves into the unraveling of the illusion of the matrix, explaining the current evolution of human consciousness and the shift of the changing tides, taking the reader on a journey of her many struggles in this life that have been turbulent and often traumatic, and her many illustrious past lives both earthly and galactic, delivering real-life anecdotes, heartfelt guidance, and powerful messages with humor and practicality from the many Light BEings and Masters to help you overcome your own trauma and re-engage with your highest, most conscious self.

With a blend of personal experiences, spiritual wisdom, and practical application, BE-com-ing Authentically Me is your divine guide to transcending the old, embracing the new, and celebrating your Soul's extraordinary purpose.
